

National Directory of Nonprofit Organizations

Now online on Gale Directory Library

Designed specifically for marketers, sales staff and nonprofit professionals, *National Directory of Non-Profit Organizations* provides contact and descriptive

factual information on the largest nonprofit organizations in the United States. Based on data from the Internal Revenue Service, each annual edition of this venerable resource includes entries on more than 260,000 organizations, more than 180,000 of which have incomes greater than \$100,000. Multiple editions are available by standing order, ensuring

access to the most up-to-date information as well as historical data.

Fully updated entries in *National Directory of Non-Profit Organizations* typically include the following: organization name; contact information, including mailing address and phone number; IRS filing status, denoting the general nature of the organization's activities; employer identification number; charitable deduction eligibility; reported annual income; activity code representing the tax-exempt activity as assigned by the IRS; and more.

Real-world users might include:

- Job seekers looking for opportunities in the non-profit sector can easily compile a list of organizations sorted geographically
- Public relations professionals can identify organizations that support specific programs to identify potential giving opportunities
- Researchers looking for endowment funds and scholarships in particular fields can easily compile a list of nonprofit organizations by activity
- And many others

ABOUT GALE DIRECTORY LIBRARY

With *Gale Directory Library*, researchers can use state-of-the-art functionality to perform a range of data sorting, filtering and exporting. These innovative features, unlike anything seen previously from our directories, make *Gale Directory Library* the essential tool for research.

- Find contacts — Finding a company, person, publication (or other kind of entity) is easy. Basic search lets users quickly look up names, search by keyword, and browse the full text of your directory holdings.
- Generate lists, analyze trends — Export search results and use them in programs like Excel or Word, making the creation of mailing lists a snap.
- Cross-searchable — Search across our growing number of directory titles. Each directory can be searched individually by its own unique data fields, or search the entire directory collection.

Additional benefits of *Gale Directory Library*:

- Use it like a database; buy and own it like a book collection
- State-of-the-art search, sort and export features
- Available 24/7 from any Internet-connected computer
- Choose the directory titles you want, and own the data
- Print, e-mail or download individual entries
- Entries include hot-linked Web sites and e-mail addresses (when available)
- Export results to analyze data or generate mailing lists
- Includes more data than print version, when appropriate
- Marked items lists let you select entries to generate custom results
- Available backfiles provide historical data
- Growing list of available directories
